

RENAISSANCE, RECOVERY, REFORM

1450-1650

★ EURASIAN CONTEXT: AFTERMATH OF THE MONGOLS

- Fragmentation & destruction

- ↳ Mongolian period → significant destabilization across Eurasian belt (ค.พม่า-มองโกล-จีน North China)

- ↳ North China: little ice age

- ↳ 30-50% population loss
 - ↳ collapsed agriculture
 - } taking 100+ years to recover

- ↳ Persia / Central Asia → ภัยพิบัติในจีน

- ↳ immense destruction of cities, artisans, irrigation

- ↳ Silk Road Trade

- ↳ หักตอนการค้าในเอเชีย

- ↳ later shifting towards maritime routes

★ RISE OF THE OTTOMAN EMPIRE (1300-1633)

- New mediterranean Power

- Fall of constantinople

- Expansion phase ← ^{Murat II} ~~Moham~~ II + Selim I
Suleiman the magnificent

★ OTTOMAN INFLUENCE ON EUROPE

- Geological Impact: shifted European balance of power + promote new alliances

- Economic consequences: ผลกระทบด้านเศรษฐกิจในยุโรป ^{Swiss} ^{Italy}

- Military development: Persistent conflict w/ Habsburg + Venice

- ↳ European military innovation

→ coffee, fashion

• Cultural Exchange : Artistic, intellectual & material exchange

↳ Christian-Muslim co-existence through its Millet

System

community

↳ granted freedom to religious communities

↳ manage their own legal, social, religious affairs

↳ မြန်မာအုပ်ချုပ်မှု + အဲဒါနဲ့ ဝတ်စားစားပုံတွေကိုလည်း

★ KEY ELEMENT CONTRIBUTED TO ECONOMIC GROWTH

① Geographic & strategic advantages

• Access to the Atlantic

Atlantic trade routes (Burgeoning)

• Navigable Rivers & Ports — development of trade networks

② Political & Religious Developments

• Rise of nation states

↳ consolidation of the territories of nation-states

↳ Strong central governments → political stability, eco ↑

• Protestant Reformation → 16th century

↳ shaping economic landscape

↳ Work ethics: emphasized hard work, frugality

↳ economic success → signs of divine favor

↳ weakening Catholic's economic power

↳ greater secular control over economic affairs

③ COMMERCIAL & FINANCIAL INNOVATIONS

- Development of capital markets.

- ↳ Netherland pioneered development of capital market

- ↳ Establishment of Amsterdam Stock Exchange 1602

- ↳ Dutch East India Company (VOC)

- ↳ Beginning of modern finance & facilitated the accumulation of capital necessary for large-scale commercial ventures

- Banking & Credit systems

- ↳ Provided financial infrastructure needed for

- International trade & investment

- ↳ availability of credit allowed merchants to engage in larger & complex trading operations

④ EXPANSION OF TRADE & COMMERCE

- Global Trade Networks:

- ↳ Dutch, English & French started trading companies

- ↳ Global spice trade, colonization, triangular trade

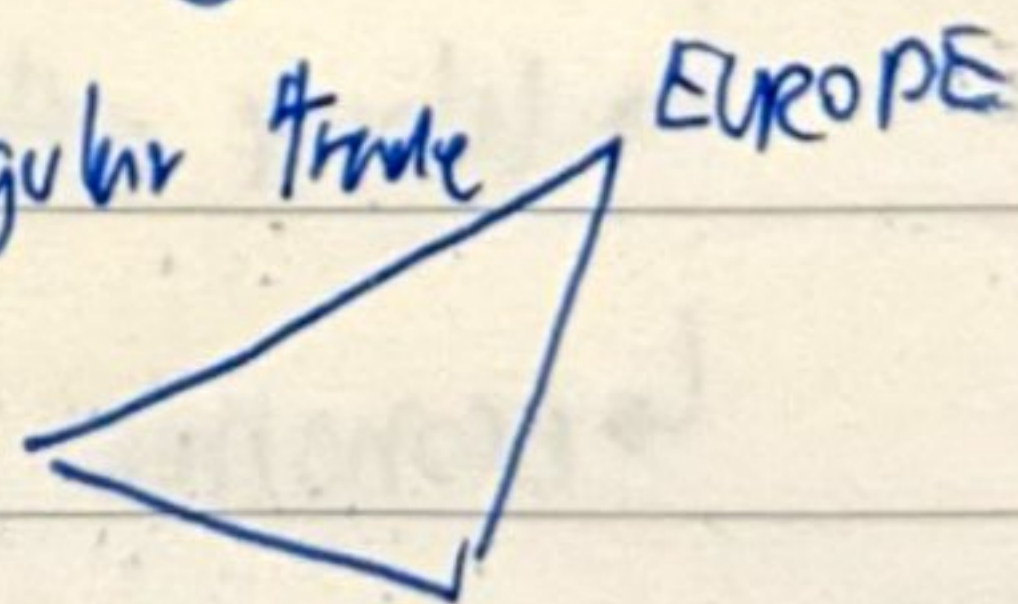

- Merchant class & urbanization

- ↳ rise of wealthy & influential merchant class

- ↳ commercial hubs attracted skilled workers & entrepreneurs

- ↳ urbanization & further economic development

British East India Company

⑤ AGRICULTURAL PRODUCTIVITY & TECHNOLOGICAL INNOVATION

- Agricultural improvements

- ↳ Advances in agricultural practice

- ↳ Food production ↑ supported population growth

- ↳ freed up labour for industrial & commercial activities

- Technological Innovation

- ↳ shipbuilding, navigation, exploration, trade, spread of ideas

- ↳ printing technology

⑥ CULTURAL & INTELLECTUAL DEVELOPMENTS

- Humanism & Renaissance

- ↳ notion that human is the center of the universe

- ↳ human should pursue success in study branches

- ↳ promoted education, literacy & dissemination of knowledge

- Education & literacy

- ↳ Protestant reformation → increase emphasis on education

- ↳ more skilled workforce → economic ↑

★ EUROPE IN TRANSITION: AGE OF GREAT REFORMS

• Key changes (1500-1700)

↳ Government: monarchy → constitutional monarchy

↳ Religion: protestant reformation → Christendom shattered

↳ Religious toleration → 1. อยู่ร่วมกันของต่างนิกาย / ทัศนคติแบบสังกต

↳ Technology: printing press by Johannes Gutenberg, gunpowder

↳ Society: literacy rate ↑

↳ Northern European gained sustained growth, urbanization, trade rise

★ CHRISTENDOM & THEIR MORAL DECAY

• Papal supremacy → absolute power in empire

• Corruption roots:

↳ Indulgences: selling of forgiveness for sins (ขายใบไถ่บาป)

↳ Simony: buying & selling of church position (ขายตำแหน่ง)

↳ Nepotism: giving positions to family members

↳ Moral decay: pope's extravagant lifestyle, numeral mistresses, lavish spending

• Scandal w/ Borgia family (15-16 cent)

↳ indirect role → led to Protestant reformation

↳ Pope Alexander VI

↳ emblematic of corruption, nepotism, moral decay

↳ undermined credibility of church

★ PUBLIC OUTRAGE & CALLS FOR REFORM

- Erosion of church authority
 - ↳ growing dissatisfaction among both laity + clergy
 - ↳ many criticism
- Martin Luther's Ninety-Five Theses in 1517
 - ↳ monk + theologian
 - ↳ Sola Scriptura + Sola Fide → เน้นบibleเป็นหลัก, ทำดีทั้งชีวิต no ผิดอะไร
 - ↳ Translate bible into German → accessible
- John Calvin
 - ↳ established Protestant theocracy in Geneva
 - ↳ Doctrine of predestination → Calvinism

★ THE CATHOLIC RESPONSE: COUNTER REFORMATION

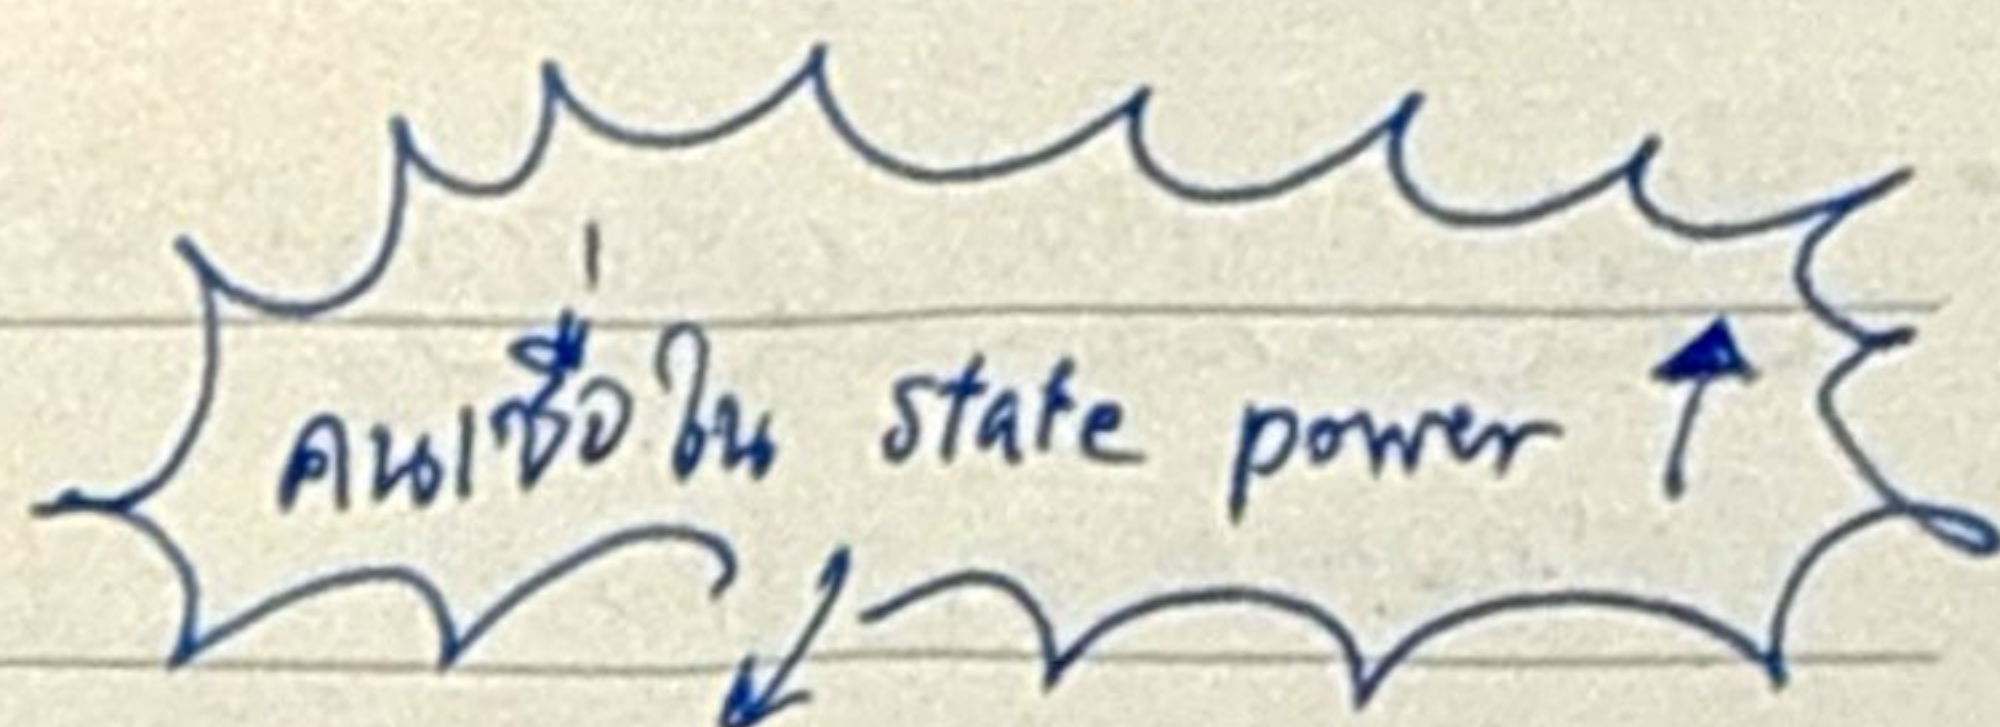

- Reaffirmation of Doctrine: authority of pope, emphasis of faith & good for salvation (ยืนยันหลักคำสอน)
- Clerical Reforms: addresses simony & nepotism
 - ↳ establish seminaries (โรงเรียนสอนศาสนา)
- New religious orders: Society of Jesus was founded to spread Catholicism through education & missionary work
- Council of Trent establishment (1545-1563)
 - ↳ address corruption & reaffirm core doctrines

★ IMPORTANT TAKE AWAY

- Reformation movement → continental widespread of persecution of both protestant & Catholic
- Religious tolerance establishment
- Many protestants fled to Americas
- Holy Roman northern lords adopted to protestantism
- Protestant movement → started long period of warfare between Catholics vs. Protestant
- Prior to Peace of Westphalia
 - ↳ different states entered "lapses" (ข้อบกพร่อง) of tolerance agreement between community

★ THE MILITARY REVOLUTION

- Transformation of Warfare
 - ↳ driven by 30 years war
- Gunpowder & artillery
 - ↳ changed nature of battle
- Standing armies
 - ↳ monarchs began to maintain professional
 - ↳ Year round armies instead of feudal levies (Full time soldier)
 - ↳ centralized state power + higher cost of warfare
- Trace italiene
 - ↳ star shaped fortifications (ป้อม) withstand canon fire
 - ↳ longer + more complex sieges (ก. ปิดล้อม)

★ THE 30 YEARS' WAR (1618-1648)

- caused by religious struggle between Catholic & Protestant states within Holy Roman Empire
 - ↳ evolving into a political struggle involving most European powers
- Catholic Emperor Ferdinand II tried to impose Catholic uniformity & suppress Protestant rights
- Why was it so big?
 - ① Fragmented nature of Holy Roman entity
 - Holy Roman had many semi-autonomous states
 - ↳ attracted external powers to intervene for their own interests
 - ② Dynastic rivalries (การเมือง)
 - ③ Economic factors
 - Struggle for control over trade routes & resources
 - ↳ broadening of wars
- key events:
 - 1618: The Protestant Bohemian revolt against future emperor Ferdinand II
 - 1621: Dutch revolt
 - 1635-1648: Franco-Habsburg confrontation

Esp. in Bohemia

★ THE PEACE OF WESTPHALIA (1648)

- Ended 30 years war & 80 years war (Spain & Dutch)
- Established protections for religious freedom
 - ↳ Freedom of consciences for Catholics in Protestant land was protected

- Rights of Rulers to determine religion in their own territories
- Allowing states to govern without external interference

★ THE MYTH OF WESTPHALIA DD

- People thought it established the concept of "sovereignty"
 - ↳ "Westphalian sovereignty"
 - ↳ Myth suggests that it formed modern nation-states system
- Historians argue that this view emerged later in the 19th & 20th centuries
 - ↳ it reflected complex & negotiated balance of power rather than clear cut establishment of sovereignty we know today
- Was more about ending specific conflicts & balancing religious & political interests > creating single codified international order
 - ↳ the negotiations were mostly focused on territorial adjustments
 - ↳ Treaties recognized "exclusive sovereignty" (อธิปไตย)
 - not actual concept of sovereignty
 - ↳ not clearly codified in treaties

pluralism
(ความหลากหลาย)

★ THE MUGHAL EMPIRE (SOUTH ASIA)

- Major force in global trade of textiles & bullion
- Cultural & religious accommodation
- Gradually declined after 1650

Central
players
in
Global
economy

★ MING CHINA (until 1644)

- strong bureaucracy (ข้าราชการ)
- Demand for silver in exchange for goods
- Dependency on silver → ผลิตเงินเป็น standard ในลก. 16c.
เปลี่ยน → ผลิตเงินมากขึ้น → Global trading emerges
↳ later crisis & collapse

ทองไม่พอใช้

★ THE GLOBAL SILVER TRADE

- Immense demand for silver from Ming
↳ the world tried to find silver to trade w/ Ming
↳ silver mines in America by Spanish colonizer
- World's first truly global economy linking every continent
in a single economic centered Chinese demand

★ FALL OF MING, RISE OF QING

- Internal pressures:
 - ① Economic crisis: disruption to silver supply ← deflation, fiscal instability
 - ② Environmental disasters: little ice age → famine
 - ③ Peasant rebellions
- External pressures
↳ Manchu conquest: breached Great Wall, captured Beijing

★ HOLY ROMAN EMPIRE → KEY TO URBANISATION OF GERMAN REPUBLIC SYSTEM

- Free imperial concept ◊
 - ↳ originated in middle age
 - ↳ cities directly subject to emperor than regional lords
 - ↳ self governing entities
 - ↳ right to elect their own councils, laws, finances
 - ↳ emperor supporting urban centres
 - ↳ counterweights regional nobility's power
 - ↳ Cities has to provide loyalty, military aid & pay tax to imperial treasury directly
 - Political & administrative structure
 - ↳ has their own administrative & judicial systems
 - ↳ govern city, administering justice, maintain public order
 - ↳ Sometimes mint their own coins, enter allinances w/ other cities / states, conduct foreign policy
 - ↳ significant players!
 - Economic importance
 - ↳ centers of trade, craftsmanship & industry
 - ↳ benefiting from strategic locations → along important trade routes
 - ↳ Economic success → autonomy → เศรษฐกิจดี → มีอำนาจในตัวเอง
 - ↳ political independence ↑
- Hanseatic league
- มากขึ้น → มีอำนาจต่อรอง

- Cultural & intellectual centers

- ↳ universities, printing presses, artistic communities

- * Imperial city ran a Imperial Diet System *

"ระบบสภาของ Holy Roman"

รวมตัวตัวแทนเมืองต่างๆ มาหารือ, ออกกฎหมายร่วมกัน

↳ ปกครองแบบกระจายอำนาจ X เผด็จการจักรพรรดิ

- ★ ENGLAND'S REFORMATION 1450 - 1650

- Went from personal monarchy (ราชาธิปไตย) to constitutional monarchy (รัฐประมุข)
 - ↳ อำนาจส่วนใหญ่อยู่ที่ราชวงศ์แต่ไม่ absolute

↳ 1500 s → 1700 s

- Curia Regis : king's court → administrative + judicial system

FUNCTIONS

- ↳ advising kings, making decisions, administering justice, managing kingdom's affair

- ① ADVISORY COUNCIL → advise king (member: influential figure)

- ② JUDICIAL ROLE → highest court in the land, lower court advice
 - ↳ became more specialized overtime

- ③ ADMINISTRATIVE FUNCTIONS → financial matters (taxes, royal treas)
 - ↳ exchequer (ท.คลัง) handled kingdom's finance

- ④ LEGISLATIVE ROLE → making laws, royal decrees (กฤษฎีกา)
 - ↳ part of early development in Eng. parliament
 - ↳ expand by include representative from towns
 - ↳ creation of Eng. parliament.

★ EUROPEAN HISTORY AND ITS TRANSFORMATION

- ① Balance power shift towards Atlantic front (ସମ୍ପର୍କ)
- ② Growth in authority of central gov → state building process
- ③ Protestants reformation → Christendom shattered
- ④ Manufacturing expanded in larger units after 1700s
- ⑤ Colonialism → VOC, EIC
- ⑥ New technology → gunpowder, printing press
↳ from state consolidation attempt, territorial organization
- ⑦ Individualism & humanism
- ⑧ UK's parliament organization → centralisation of tax power
at the hands of capitalists (lords + merchants)
- ⑨ Shiite transformation → change in demographic of Shia Islam
- ⑩ Little ice age (1300-1850)
↳ Witch hunts in Europe
↳ Famine in China / Europe

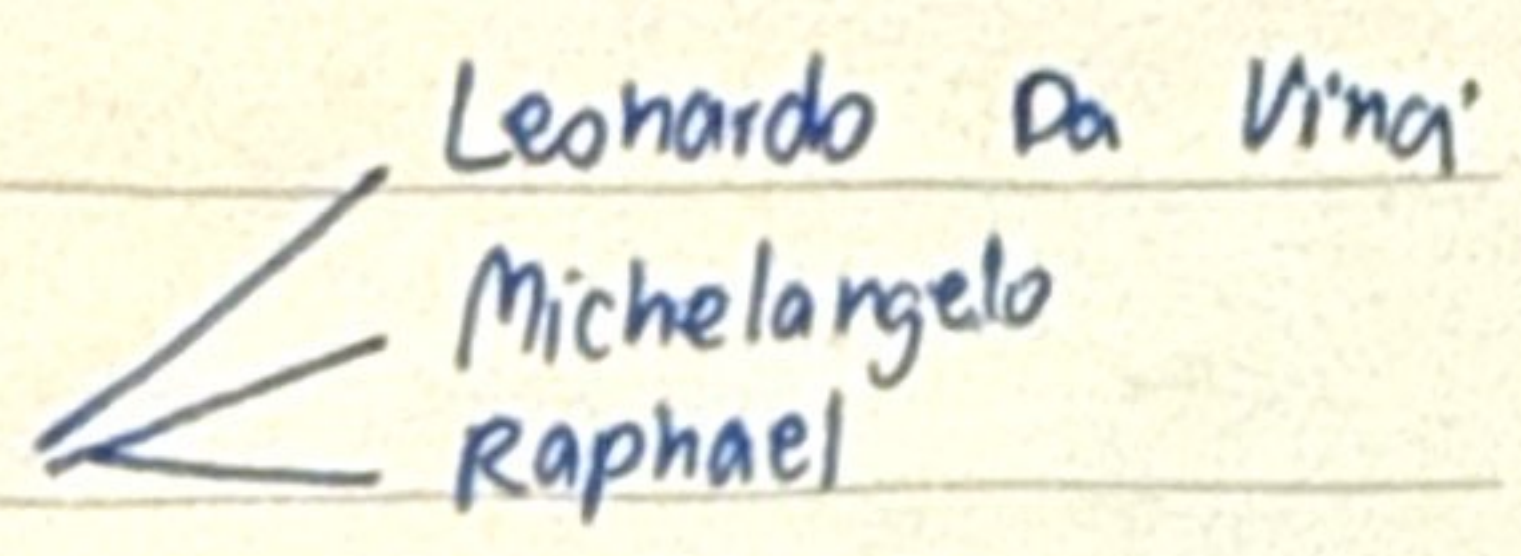

★ AMERICAS

- North European expansionism → largest human destruction
- 3 large population groups:
 - ① Iroquois confederacy
 - ② Pueblans
 - ③ Dakota & Mississippian culture
- Climate change in Eurasia → impact Americas
 - ↳ North America → Pueblans faced severe agricultural shortage
 - ↳ People started nomadism
 - ↳ Inter-state conflict grew in Meso-America ^{Maya, Aztec}
- European introduced new disease

← small pox
measles
influenza

 - ↳ weaken politics, military, economic ^{Maya}
- European brought new domesticated animals
 - ↳ pig ate native crops → become wild pigs
 - ↳ crop failure

★ TIMELINE !

- 1400s → Florence becomes cultural center, Ottoman Empire
↳ Medici family rise
- 1450 (-1650) → England's reformation
- 1495 - 1527 → High Renaissance peak 
 - Leonardo da Vinci
 - Michelangelo
 - Raphael
- 1517 → Martin Luther initiates Protestant Reformation
- 1526 → Mughal empire rise
- 1568 → 80 years war (Dutch revolt) Dutch vs. Spanish
- 1618 → 30 years war
- 1644 → The fall of Ming dynasty & Qing rise
- 1648 → The Peace of Westphalia
- 1650 → British become politically stable
